

Dear friends!

Here comes the Christmas greeting from us. It is as usual containing some information about the past year. During March we made a trip to Egypt.

Traditionally during Easter there is egg rolling. And Grand Grandma Helga took active part also this year.

The Giza area with the pyramids and the Sphinx

During April/May Siiri (Tiius sister) came from Canada to celebrate their mother Helga's 94 year's birthday. Siiri and we took a trip with our RV/mobile home to Europe to, among

A field of tulips in Holland

other things, admire the fields of tulips in Holland.

Our tulips "had flowers" during Easter (as every year) although there was a lot of snow!

Mille and Grandma Tiiu are greeting Mimmi, who just arrived from the delivery unit.

Lotta and her Fredrik were expecting a baby in the

beginning of June which meant that we stayed at their

Our National Day (6 June) was celebrated at the parking place of Lotta and Fredde.

Tiiu has found mushrooms in the forest.

parking place a couple of weeks to be at hand. Their daughter, Mimmi was born 12 June.

In July there was a meeting for the cousins at the summer house of Johannes and Annica.

All our grandchildren were together in July 2010. Rear row: Mille and Birk. Front row: Helga with Mimmi in her lap, Alva and Herman.

Maybe using the water from Tiius bath tub created the big potatoes and the great amount of them? The brand is called almond potatoes.

In August we headed north to visit the fair "Noliamässan" in Piteå. We also visited friends from the past on our way.

Noliamässan has everything concerning forest work, handicraft and free time activities. We found a Nordic mobile home/RV that could be worth while to change for the one we had.

Mobile home nr 3 is to the left and nr 2 to the right.

In Kristinehamn (middle/south part of Sweden) we signed the contract in the middle of August to buy the mobile home we saw in Piteå. In September we went with fiends to Rhodes. We usually go together this time of the year.

The 14 October we got our new mobile home/RV, which is number 3 of our mobile homes. Some special modifications and equipments were made for us. We have, up to the beginning of December, travelled around 3500 km visiting friends in the southern part of Sweden.

A favourite work for both Grandma Tiiu and the grandchildren is making pancakes.

Grandma and Mille are making pancakes.

As usual our balcony is decorated in December. The polar bear is new for this year.

Our house is decorated and this year it is already a lot of snow.

The work for www.1177.se and www.journalen.nu has continued as usual. Claes has not work at any health care centre this year. Tiiu is still the office manager of our company Medimanus and we have both been able to avoid sicknesses.

Maybe Lucia will turn up also this year!?

*Merry
Christmas!*
och
*Happy New
Year!*

Claes as Rotary-Lucia last year
