

Dear friends!

The year started very cold! Especially when we went to Jokkmokk's winter market in February. Minus 36-38°C!

It was more enjoyable at Vårdkasbacken with Lotta, Mille Mimmi och and Granddad Sven.

During spring we saw the cranes dancing around the lake Hornborgarsjön. Fantastic scenery with a top record of cranes just outside our Mobile home front window!

On 27 April we celebrated Grand grandma Helga's 96:th birthday.

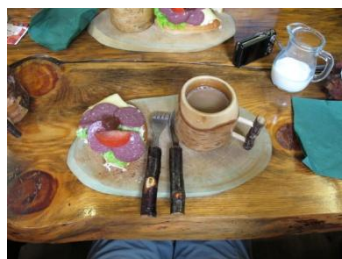

Siiri, who came to mother Helga's birthday, wanted to see Öland and Gotland. So we went there by mobile home. Here we are at Hoburgsgubben and ... here at the city wall of Visby

In May there was a meeting with the Nordic Mobile Home Club. A nice meeting with friends.

Coffee break at the Wild life Museum.

During August we visited a Moomin house in Dverberg on the island of Andøya in Norway

In Dverberg we parked outside Coop at "COOP A KABANA BEACH".

On our way from Andøya we made a stop in Haparanda. Here we saw the proof of the treasure being placed at the end of the rainbow!

Both at the Elmiämässan and the Nordic mobile home meeting in Kristinehamn we instructed in painting and carving glasses.

Grand Grandma Helga passed away on 26 October.

During the summer Björn and Anni took over the summer houses in Grisslehamn. Their children Helga and Herman arranged a flea market.

These are some of our gnome pictures from the past that we found. They are made to hang on things on the wall.

With these nostalgic gnomes we wish you all:

Merry Christmas
 &
Happy New Year
Tjuv & Claes
