

The years seem to pass quicker and quicker!

The spring flowers were very early this year. One of them showed up 28/2 left). 9 days later it was in full blossom (right).

Before Easter sugar eggs as usual was made and also small animals.

Birk made an Easter Bunny.

Egg rolling during Easter. You get what you can hit among the things on the floor.

From mid-May to mid-June Siiri visited us. We made a trip with our mobile home to the most northern parts of Sweden.

Here we are in Kiruna.

And here we walked over the border river to Finland at Pello.

In June we attended a meeting at Arlanda airport with the Nordic mobile home club.

In September there was an annual meeting with the Nordic mobile home club in the south of Sweden. As usual Tiiu instructed in painting of glasses.

Directly after the meeting with the Nordic mobile home club we drove south to a meeting with Caravan Club in Prague. Left: waiting for the ferry boat to Rostock.

When we arrived to Trio Camp in Prague we were almost alone. But when the other 48 vehicles arrived the camping site was almost totally fully booked.

We all got a bottle and two glasses. We painted our glasses as a memory of a very nice meeting.

We made a trip to the bone house in Sedlec, close to Kutná Hora, 70 km east of Prague. A whole cellar full of art made out of human skeleton parts!

On 29 December the yearly ginger bread making took part in the home of Johannes and Annica. All our children and grandchildren were there.

Our house made as a ginger bread house.

Merry Christmas!

&

A Happy New Year!
